

ALLEN & OVERY

ESG Compliance Assistant

*ESG Compliance Assistant is a software solution which helps you to efficiently and consistently implement and keep up-to-date the **Sustainable Finance Framework** of your organisation.*

What is it and what does it cover?

Our ESG Compliance Assistant is a RegTech compliance solution to ensure regulatory compliance with the new European Sustainable Finance Framework. It covers the Sustainable Finance Disclosure Regulation, Taxonomy Regulation, Non-financial Reporting Directive and related amendments to MiFID II, CRR II/CRD V and IFR/IFD, as well as (optionally) corresponding national laws and administrative practice

Who should use it?

- Credit institutions
- Investment firms
- Asset managers
- Multi-jurisdictional financial institutions, to ensure global regulatory oversight

Why should you use our ESG Compliance Assistant?

- Always be on top of the latest regulatory changes
- Ensure everybody in your organisation has the same interpretation of the regulatory requirements
- Cost and time savings during the entire implementation process (both IT and Business implementation)
- Audit-proof implementation control
- Intuitive usability – a ready-to-use solution
- Enables global oversight by standardising ways of working across your branches/subsidiaries

Key features of our ESG Compliance Assistant

- Translation of complex legal text into clear, understandable Business rules based on legal interpretation and industry best practices
- Business rules constantly updated through continuous and systematic background screening for legal developments
- Local legislation or local internal policies regarding the RegTech solution ('gold plating')
- Pre-defined control questions to determine which Business rules are applicable to your organisation
- Online help available with definitions and more detailed background information
- Excellent support for identifying and describing gaps and definition of measures
- Collection of evidence on compliance statements
- Context-sensitive Feedback module allows users to submit questions to our expert team
- Management Dashboards with drill down functionality on compliance status
- Extensive reporting functionality and audit trail
